PROFESSIONAL SUMMARY

Seasoned **Head of Enterprise Data Architecture** with **25 years** of experience in data strategy, governance, and large-scale transformation initiatives across Fortune 500 firms including British Telecom, Barclays, and Deutsche Bank. Currently defining and driving **enterprise data architecture** for a **global asset management firm's data transformation program**, aligning cloud platforms, governance frameworks, and enterprise modelling with business transformation goals.

Certified TOGAF 9 Enterprise Architect, Python, and MongoDB Developer with deep expertise in **Data Engineering, Data Governance** and **Generative AI (GenAI)**. Skilled in applying vector embeddings, Retrieval-Augmented Generation (RAG), Large Language Models (LLMs), Structured Outputs, Function calling, AI agents, and MCP frameworks to enhance governance, automate compliance, and build intelligent data-driven solutions. Recognised for **internal thought leadership**, including authoring a white paper on automating compliance employee trade reconciliation using GenAI, and as an experienced **Python Trainer**, having delivered large-scale technical training programs across global teams.

CORE COMPETENCIES

Enterprise Data Architecture & Strategy	Big Data Engineering (Hadoop, PySpark, Hive)	Cloud-Native & On-Premise Data Ecosystems	Data Governance, Metadata Management & Lineage Automation
Generative AI (GenAI): Vector Embeddings, RAG, LLMs, Structured Outputs, Function Calling, AI Agents, MCP, Quality & Safety	Master Data Management, Data Modelling, Data Migration, Data Integration	Python, PySpark, MongoDB, OpenAI API	Solution Design, Design Patterns, Architecture Principles & Standards (TOGAF 9)
Training & Capability Building: Python Trainer	Domain: Finance (Asset Management, Retail, Investment), Telecom Domain	Stakeholder Management, Estimations, Delivery	

- **Internal White Paper** – Authored “*How to Automate Compliance Employee Trade Reconciliation using GenAI*”, presenting a practical framework for applying LLMs, RAG, and AI agents to compliance operations within a regulated financial services environment.
- **GDPR-Compliant Data Deletion** – PySpark-based “*partition-based-delete*” algorithm framework on Hadoop.
- **NLP Data Classification** – Automated “*privacy and security classification*” across billions of assets on Hadoop using Pyspark including building a data classification tool.
- **RIDT (Real-time Interface Diagram Tool)** – Architecture Governance “*real-time visualisation platform*” for taxonomies, flows, and governance (self project)
- **Flow Lineage framework for Timeliness** - Developed a framework to capture the flow of files for *front-to-back* processes to monitor, detect and identify issues (pre-cloud and Gen AI era)

- **Head of Enterprise Data Architecture** – Enterprise Data Management (EDM) Program, DWS (Deutsche Group)
- **Senior Technologist & Chief Data Architect** – Corporate Functions, DWS (Deutsche Group)
- **Finance Data Architect** – Finance Domain, DWS (Deutsche Group)
- **Lead Data Architect** – Barclays USCB Consumer Bank (Data Architecture, Data Modelling, Data Governance)
- **Platform / Technical Architect** – Deutsche Bank Finance IT Data Sourcing Platform (Big Data, ETL)
- **End-to-End Solution Architect** – Barclays CRA Program, Finance Data Sourcing
- **Solution Design Lead** – Barclays Integration Services (ETL, SOA, BPM)
- **ETL Designer** – Barclays (Ab Initio, Informatica, Teradata)
- **Developer / Designer & Analyst** – Tech Mahindra (Java, BroadVision, Siebel)

- Featured in **Barclays Home Page & Barclays Linked In** page - <https://home.barclays/news/2021/02/My-Working-Day--Satyaki-Basu/> or https://www.linkedin.com/search/results/content/?keywords=Barclays%20Satyaki&update=urn%3Aai%3Afs_updateV2%3A%28urn%3Aai%3Aactivity%3A6810969292826284032%2CBLENDED_SEARCH_FEED%2CEMPTY%2CDEFAULT%2Cfalse%29&lipi=urn%3Aai%3Apage%3Ad_flagship3_search_srp_all%3BuZctqaaAQN%2B5%2BC36WSPFzQ%3D%3D
- Barclays Recognition Award 2020** in Barclays for Dataflows Project
- Selected for **Global Enterprise Engineer (GEE)** program 2018 in Deutsche Bank
- Design Solution was nominated for a **patent** by Deutsche Bank India Tech 2018
- Way-Ahead Recognition Award** (Standard Life Bank UK Migration) UK Retail Mortgage Program
- Q4 Star Award 2010** (FSCS or Single Customer View) from Barclays UK Retail Bank
- Q3 Star Award 2010** (Mortgage Migration) from Barclays UK Retail Bank (Mortgage Program)
- Most Valuable Player** by Tech M in 2006-2007
- Awarded for **off-shoring** Business Analyst team in 2006 from British Telecom Plc

ORGANIZATIONAL CONTRIBUTIONS

- Graduate Hiring Panelist – Deutsche Bank, Barclays
- Strategic Thinking Speaker – Enterprise Leadership Programs
- Python Trainer – Delivered training to ~700 employees across Barclays APAC
- Senior Interview Panel – Data Architecture & Engineering

EMPLOYMENT DETAILS

- Jan 2022– till date: Deutsche Bank Group, Pune as Director (Emp Id – 8112448)
- Dec 18 – Jan 2022: Barclays Bank Plc, Pune as Vice President (Emp Id – H08475008)
- Jan 15 – Nov 18: Deutsche Bank Plc, Pune as Vice President (Emp Id – 8112448)
- May 08 – Jan 15: Barclays Plc, Pune as Vice President (Emp Id – H08475008)
- Oct 99 – May 08: Tech Mahindra Ltd, Pune as Sr. Project Manager (Emp Id - 4049)

PROFESSIONAL EXPERIENCE

DWS Group (Deutsche Bank Asset Management)

Head of Enterprise Data Architecture/Chief Data Architect / Director / 2016 – Present

- Currently defining enterprise data architecture for a **firm-wide data transformation program**, enabling a unified, cloud-first, and governance-driven approach to data across the global asset management business.
- Leading **enterprise data strategy**, governance tooling, and architecture transformation to ensure regulatory compliance, scalability, and long-term adaptability.
- Defining metadata management, data quality, and enterprise modelling frameworks aligned with regulatory and operational needs.
- Exploring the use of **Generative AI** for compliance automation, metadata enrichment, and productivity tooling.
- Reporting directly to the **Chief Architect**; providing strategic guidance to C-level leadership on data and enterprise architecture vision.

Barclays USCB Consumer Bank

Lead Data Architect / 2014 – 2016

- Directed enterprise data modelling and governance frameworks for consumer banking.
- Designed scalable ETL pipelines and metadata-driven reporting platforms.
- Contributed to early **NLP-driven data classification initiatives**, setting the stage for Data governance.

Deutsche Bank – Finance IT

Platform & Technical Architect / 2012 – 2014

- Designed and delivered Big Data sourcing and ETL platforms for Finance IT.
- Enabled regulatory data flows and ensured consistency across large datasets.
- Introduced automation scripts to accelerate metadata quality checks.

Barclays – CRA Program, Finance Data Sourcing

Solution Architect / 2010 – 2012

- Led end-to-end data ingestion and reporting architecture.
- Implemented data lineage and reconciliation processes to strengthen compliance.

Barclays – Integration Services

Solution Design Lead / 2008 – 2010

- Oversaw ETL, SOA, and BPM designs for enterprise-wide integration.

Barclays – ETL Services

ETL Designer / 2006 – 2008

- Delivered enterprise-scale ETL workflows (Informatica, Ab Initio, Teradata).

Tech Mahindra

Developer / Analyst / 2000 – 2006

- Designed and developed enterprise applications using Java, BroadVision, and Siebel.

Certification

- Data Structures and Algorithm in Python (NPTEL)
- Mongo DB Developer's course from Mongo University
- TOGAF9 Certified EA
- Siebel 7.7 Certified CRM Consultant
- Siebel 7.7 Business Analyst Certified

Courses / Workshops Attended

Microsoft Reactor Series (Gen AI)	Big Data Hadoop, Hive on Hadoop
NPTEL Python	Mongo DB Corporation
IBM Lombardi	Trillium Discovery
Ab Initio	Informatica Power Center
IBM Websphere Message Broker	Teradata
Siebel Business Analyst & Core Consultant Course	TOGAF9
Agile Methodology	PMP Training

Education

B.E. (Production & Industrial) from National Institute of Technology (NIT, Allahabad) in 1999 with First Class distinction

Personal Details

Date of Birth: 8th August 1976

Address: A3/801, Karishma Society, Off Karve Road, Kothrud, Pune – 411038

Marital Status: Married

Fluent in three languages – English (Spoken & Written), Hindi (Spoken & Written) & Bengali (Spoken).
